IN THIS ISSUE

AIR NAVIGATION TECHNICAL REGULATIONS AMENDMENT

The Kingdom of Bahrain's aviation safety requirements are contained in the Air Navigation Technical Regulations ANTR Volume 1 – Flight Safety. To ensure the Bahrain Civil Aviation Affairs has the most up to date aviation regulatory system and continues to meet its regulatory responsibilities to the highest standard, the ANTR Part IV (Operational Regulations) – OPS 3 has been amended.

The Notice of Proposed Amendment (NPA) continues the process of formal public consultation on this proposed amendment of the ANTR, issued with this Aeronautical Circular on the MTT website (www.mtt.gov.bh).

Your review of the NPA 01/19 and your timely response by 20 February 2019 would be most appreciated.

Undersecretary for Civil Aviation Affairs

Recipients of new Aeronautical Circulars are asked to ensure that these are copied to their 'in house' or contracted organisations, to relevant outside contractors, and to all members of their staff who could have an interest in the information or who need to take appropriate action in response to this Communication.
