**IN THIS ISSUE**

**CREATION of Air Navigation Technical Regulation Volume II Part 17 Security**

To ensure the Bahrain Civil Aviation Affairs has the most up to date regulatory system and continues to meet its regulatory responsibilities to the highest standard, the above named Regulation has been created in order to reflect ICAO and international standards, in line with the Kingdom's requirements.

The introduction of this ANTR will:

1. Translate the current version of ICAO Annex 17 into national Regulations;
2. Facilitate the updating of CAR002.

The attached Notice of Proposed Amendments (NPA) continues the process of formal public consultation on this proposed introduction.

Your review of the NPA 06/16 and your timely response by 19<sup>th</sup> June 2016 would be most appreciated.
