

**AERONAUTICAL CIRCULAR- AC/GEN/07/2016**

AC/GEN/07/2016

22<sup>nd</sup> August 2016

**IN THIS ISSUE**

**Redrafting of CIVIL AVIATION REGULATION 006, Unmanned Aerial Vehicle Regulations**

To ensure the Bahrain Civil Aviation Affairs has the most up to date regulatory system and continues to meet its regulatory responsibilities to the highest standard, the above named Regulation has been redrafted in order to reflect stakeholder input, in line with the Kingdom's requirements.

The introduction of this CAR will:

1. Enable the registration of Unmanned Aerial Vehicles (UAVs);
2. Require all owners of UAVs to register those UAVs in a specified manner;
3. Stipulate standards for the operation of registered UAVs.
4. Determine the fees payable for registration

The attached Notice of Proposed Amendments (NPA) continues the process of formal public consultation on this proposed introduction.

Your review of the NPA 07/16 and your timely response by 1<sup>st</sup> October 2016 would be most appreciated.

  
Hussain Al Shuail

Asst. Undersecretary Safety & Aviation Security
