

Aviation Safety & Security Directive 1/17

Operation of Unmanned Aerial Vehicles (UAV)

It is hereby expressly forbidden to operate an Unmanned Aerial Vehicle (UAV), sometimes known as a "drone", within the Kingdom of Bahrain, unless prior permission has been received from the Bahrain Civil Aviation Affairs.

Applications to operate a UAV shall be made in writing 7 working days prior to the intended date of operation and shall include:

1. The scope of the operation,
2. The name and details of the person or persons intending to operate the UAV,
3. Insurance cover details for the operation,
4. No objection evidence from the Ministry of the Interior, Bahrain Defence Force, and any other concerned authority.

Applications should be made online under the "Safety & Security" tab at <http://www.mot.gov.bh/content/caa-licenses-and-applications>

Or hard copy to

Undersecretary for Civil Aviation Affairs
Civil Aviation Affairs
Ministry of Transportation and Telecommunications
P.O. BOX 586
Building 586, Road 2409, Muharraq 224

Further information may be obtained from the office of the Director for Aviation Safety & Security ph. 1732 1153

Mohamed Thami Al-Kaabi

Undersecretary for Civil Aviation Affairs
