Name of the port	Khalifa Bin Salman Port (KBSP)
Terminal operator	APM Terminals, Bahrain
Location	Hidd, Kingdom of Bahrain
Coordinates	Latitude: 26 deg 12' North, Longitude: 050 deg 37' East
Time zone	GMT+3 hrs
UN Locator number	BHKBS
IMO ID Number	219377/ 3
Port Information	
Port entrance	One
Turning basin width	900 metres
Turning basin depth	15 metres at chart datum
Tidal constraints	None
Allowable vessel length	360 metres
Allowable vessel draft (KBSP)	13.1 metres any time - 14 metres at highwater
Call sign	Bahrain Port Control
Gate timings	Weekdays 0600hrs - 2200hrs, Weekends & Public Holidays 0800hrs - 1600hrs
Total land cover	110ha (1.1 million sq metres)
Container terminal area / General cargo area	900,000 sq.metres
Total warehouse area	63,500 sq.metres
Shed 1	16,500 sq.metres
Shed 2	24,000 sq.metres
Shed 3	11,500 sq.metres
Shed 4	11,500 sq.metres
Terminal storage capacity	10,000 ground slots (10 ft TEU)
Total capacity	54,000 (20 ft TEU)
Total TEU annual throughput capacity (current)	1 million
Built up TEU capacity	2.5 million
ISPS certified	Yes
Port spill response capability	Tier 1 response
Bahrain Approach Channel	
Depth	Minimum depth 13.40 metres at chart datum
Length	30 nautical miles
Width	Minimum width 250 metres
Maximum depth at quayside	15 metres at chart datum
Under keel clearance (UKC)	Minimum 1 metre (vessel should take squat into consideration)
Allowable vessel draft (Channel)	13.1 metres any time – Highwater 14 metres
Speed	No restrictions
Vessel traffic management system (VTMS)	Yes
VTMS working channel	Channel 74
Quay	
Total quay length	1800 metres

Container quay	900 metres
General cargo quay	600 metres
Multi-purpose quay	300 metres
Berths reference	Bollard numbers from 00 to 74
Height of quay	4.25 metres
Distance between bollards	24 metres
Distance between berth and shipside	1.8 metres
Certified bollard capacity	100 tons
Distance between fenders	12 metres
RORO container ramp	24 metres wide
