#### **Update of Air Navigation Technical Regulation Volume II Part 9 Facilitation**

To ensure the Bahrain Civil Aviation Affairs has the most up to date regulatory system and continues to meet its regulatory responsibilities to the highest standard, the above named Regulation has been updated in order to reflect the latest ICAO and international standards, in line with the Kingdom's requirements.

The update of this ANTR will:

1. Translate the latest version of Annex 9 of the Chicago Convention into national Regulations.

The attached Notice of Proposed Amendments (NPA) continues the process of formal public consultation on this proposed amendment.

Your review of the NPA 01/17 and your timely response by 1<sup>st</sup> October 2018 would be most appreciated.
